

QuickSearch

What is QuickSearch?

QuickSearch covers:

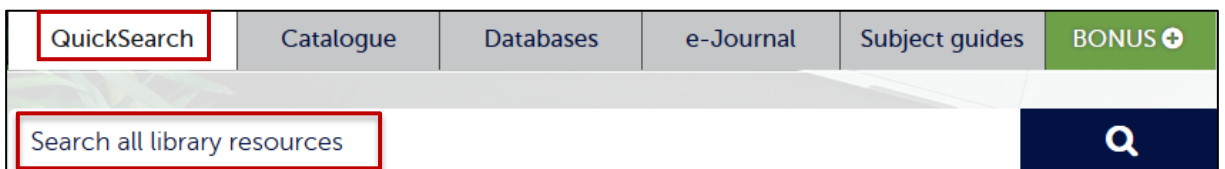

- All Federation University Library collections no matter where or what type of material
- All Federation University journals and e-journals by title
- Most journal articles (except a small number of specialised databases)
- Federation ResearchOnline

Using QuickSearch

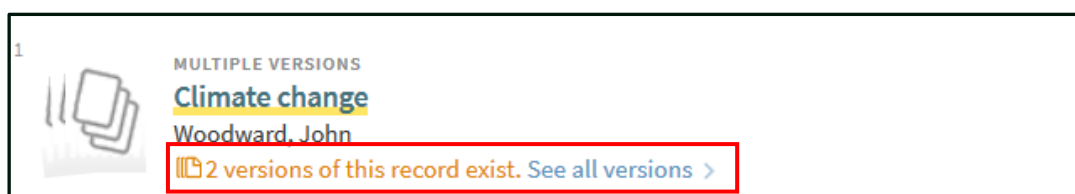

To access QuickSearch:

1. Go to the Federation University Library homepage at federation.edu.au/library
2. Select the **QuickSearch** tab

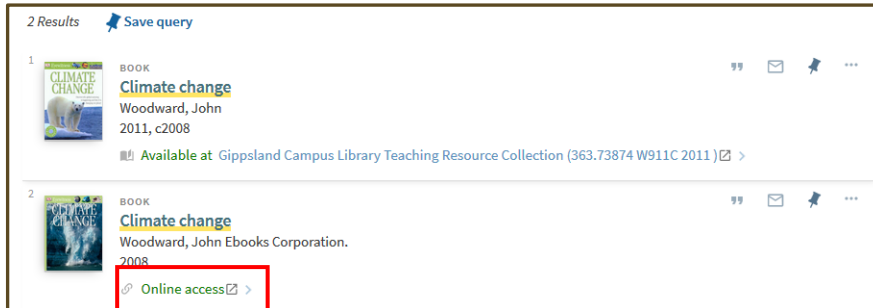

3. Enter search terms
4. You can refine your results using the **Tweak my results**. You can tweak your search by Library location, resource type, topic, language or date. This allows you to limit the search results to those most relevant to you.
5. **Sign in** with your username (i.e. student ID number) and password for full functionality. You can save searches and items to **My Favorites**, review and tag items, and more.
